LIKAT Seminar

29. August 2019

- 08:30 Uhr** **Begrüßung Prof. Matthias Beller**
- 08:45 Uhr** **Jacob Schneidewind**
"Elucidating the Oxidation Half-Reaction in Photocatalytic CO₂ Reduction on Cu/TiO₂"
- 09:05 Uhr** **Jacob Schneekönig**
"Cobalt pincer catalyzed hydrogenation of nitriles to primary amines"
- 09:25 Uhr** **Marco Wollenburg**
"Chemoselective Hydrogenation of Arenes and Heteroarenes"
- 09:45 Uhr** **Felix Schäfers**
"The 'Sensitivity Screen' - A user-friendly approach towards higher reproducibility in organic synthesis"
- 10:05 Uhr** **Felix Strieth-Kalthoff**
"A Two-Dimensional Screening Strategy for Reaction Discovery in Photocatalysis"
- 10:25 Uhr** **Kaffee & Kuchen**
- 10:55 Uhr** **Führung durch das LIKAT**
- 11:15 Uhr** **Abreise**
